

Make The Walls Sing

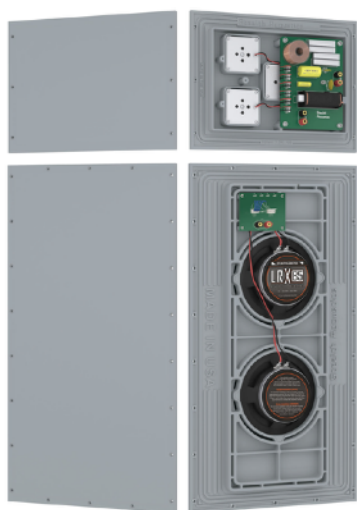

Invisible Audio/Music System Specialist

# Truly Invisible Premium 2-Channel Music System

**STEALTH**  
ACOUSTICS

**LRX85**

Flagship Invisible Speaker  
2-Channel Music System

Would it be nice to own a luxury home with audiophile-quality music system without seeing a single speaker !

We are specialized in "*Invisible Speaker*" solutions from Stealth Acoustics, USA, that you could 100% build our 3-way full-range speakers into your wall. You can paint, wall-paper, laminate over the front side of the speakers so the speakers become truly invisible after installation while providing superb sound quality and make your home a musical place without disturbing the home interior design.

This premium & flagship speaker from Stealth Acoustics will do the job for you.

Frequency range : 35 to 20k Hz

Power : 300W RMS System Impedance: 8 ohm
